

Email	Name	Research Interests	Website	Taking Surf Students?	Choose your department
hannele@uw.edu	Hannele Ruohola-Baker	Craniofacial regeneration, Tooth development, Ameloblasts, Stem cells, regeneration, Computer based protein design for regeneration and medicine	https://depts.washington.edu/taneli/	Yes	Oral Health Sciences
jsmclean@uw.edu	Jeffrey McLean	Microbiome, Oral inflammation, Gingivitis, Periodontitis	https://www.jsmcleanlab.com	Yes	Periodontics
yagerp@uw.edu	Paul Yager	Home diagnostics, global health, detection of pathogens, measurement of human disease biomarkers at POC.	UW Bioengineering Faculty listing	Yes	Oral Medicine
popowics@uw.edu	Tracy Popowics	biomechanics of dental tissues, periodontal ligament regeneration, craniofacial growth	https://www.researchgate.net/profile/Tracy-Popowics	Yes	Oral Health Sciences
sumita@uw.edu	Sumita Jain	Porphyromonas gingivalis bacterial pathogenesis focusing on virulence factors such as lipid A and outer membrane vesicles; gene expression of virulence genes in health vs. disease.		Yes	Periodontics
dchi@uw.edu	Donald Chi	oral health inequities, Medicaid, fluoride hesitancy, oral health behaviors, social determinants of health, food insecurity, cystic fibrosis	http://faculty.washington.edu/dchi/	Yes	Oral Health Sciences
zjliu@uw.edu	Zi-Jun Liu	Craniofacial Biology		Yes	Orthodontics
mildac@uw.edu	Milda Chmieliauskaite	Qualitative research, mixed-methods research, patient perspectives, burning mouth syndrome, neuropathy and systemic diseases/treatment related/postsurgical, chronic post-traumatic/post-surgical pain, taste/smell, education and specialty selection by dental graduates		Yes	Oral Medicine
joyan@uw.edu	Jonathan An	Biological mechanisms of aging in the context of oral health, translational interventions		Yes	Oral Health Sciences
amikk@uw.edu	Audrey Mikkelson			Yes	Pediatric Dentistry
