2019 INTERNATIONAL CONGRESS ON ADHESIVE DENTISTRY

EVIDENCE-BASED ADHESIVE DENTISTRY

June 16 & 17, 2019

The IAD is a gathering of researchers and clinicians and was first held by the Japan Society for Adhesive Dentistry in 2002. The theme of IAD 2019 is “Evidence-based Adhesive Dentistry”. The goal of IAD 2019 is to present the latest development in this field and promote the education and research in the field of adhesive dentistry. IAD 2019 is brought to the local dental community by the Department of Restorative Dentistry in Collaboration with UW Continuing Dental Education, which offers ADA-recognized CE credits.

PROFESSORS: Daniel Chan, Junji Tagami, Jack Ferracane, John Sorensen, Bart Van Meerbeek, Masashi Miyazaki, Mutlu Özcan, Sema Belli; Drs. David Alleman, Ray Bertolotti, Grant Chyz, Yen-Wei Chen, Keichi Hosaka, Masatoshi Nakajima and Alireza Sadr
