SCHOOL OF DENTISTRY  
UNIVERSITY of WASHINGTON

## There is an opportunity for a PROGRAM COORDINATOR for the Access to Care project at the University of Washington, School of Dentistry

The service mission carried by the Access to Care project is to improve the oral health and well being of the people of the local community and the region through outreach programs that are especially attentive to minority and underserved populations. Serving as a Washington Service Corps member, the individual will support and promote the work of students, faculty and staff of the dental school directed at reducing oral health inequities in underserved communities.

### Apply here:

<https://my.americorps.gov/mp/listing/viewListing.do?id=51426&fromSearch=true>

### AmeriCorps member duties consist of:

- Recruiting dental and pre-dental students to participate in clinical outreach activities that will promote and sustain Access to Care projects.
- Leading groups of underrepresented high school and college students in exploring dental and medical related careers through hands-on workshops and academies.
- Serving as a liaison with community members to facilitate dental school outreach activities.
- Assisting with courses and outreach activities aimed to prepare dental students to serve in underserved populations, particularly working with homeless individuals.
- Providing oral hygiene instruction and oral health information in a variety of settings.
