INTRODUCTION

The School of Dentistry's Standards, Compliance and Professionalism strives for excellence and the highest ethical standards. This is why we ask that you take the time to carefully read and periodically review the material in this booklet.

BILLING

All billing must comply with the requirements of state, federal and private payers. Services rendered must be accurately coded to ensure both proper billing and data integrity. When a patient requests or authorizes the use of e-mail to communicate with them, UW School of Dentistry workforce members may use e-mail to communicate.

COURTEOUS CARE —

Patients can expect that services rendered in the School meet the standard of care of the dental profession.

CONFIDENTIALITY —

Patients have a right to have their principle reason for seeking treatment at the School addressed by either having a condition treated or a specific diagnosis made.

WORK ENVIRONMENT

School of Dentistry faculty, staff and students are encouraged to treat one another in a fair and respectful manner. The School prohibits improper sexual harassment, discrimination and retaliation.

INTEGRITY AT WORK

The use does not interfere with official duties.

The use is brief in duration and does not distract from the conduct of state business.

Keep your computer passwords private; do not share them with others.

Email Compliance at dcomply@uw.edu

President of UW School of Dentistry

Associate Vice President/Chief Compliance Officer, UW Medicine

Contact your supervisor or anyone in a UW School of Dentistry leadership role.

When a patient requests or authorizes the use of e-mail to communicate with them, UW School of Dentistry workforce members may use e-mail to communicate.

WHEN REPORTING CONCERNS

Why do I need to report a concern?

It is the responsibility of every faculty, staff and student to abide by and support the School's compliance efforts by reporting good faith concerns.

Who can I report concerns to?

Why do I need to report a concern?

It is the responsibility of every faculty, staff and student to abide by and support the School's compliance efforts by reporting good faith concerns.

What should I report?
